This matter comes before the Public Service Commission of South Carolina (the Commission) on the March 21, 1995 request of Eastern Telcom, Inc. DBA InterQuest (InterQuest or the Company). Pursuant to Order No. 94-134, InterQuest was required to post a bond with the Commission prior to offering Debit/Prepaid Calling Card Service. The Commission ordered the Company to post a bond in the form of Certificates of Deposits drawn in the amount of \$5,000.00, issued in the name of the Public Service Commission. The Commission also stated in that order, that after twelve months period from the effective date of the service, the Commission would review the Company's financial reports and reassess the requirement of InterQuest maintaining the bond. The March 21, 1995 letter of InterQuest states that the Company is willing to continue posting the bond for an additional twelve month period, and requests Commission approval of same.

The Commission has examined this matter and believes that the

request of InterQuest to continue the bond for an additional twelve months is reasonable, and in the public interest, and therefore, grants same.

This Order shall remain in full force and effect until further Order of the Commission.
